

7 Revolutionary 1920s Automobiles

Comprehensive Comparison Chart - The Cars That Changed America Forever

Model	Year Range	Price (1920s)	Modern Price*	Engine	Top Speed	Production	Revolutionary Feature
Ford Model T	1908-1927	\$290-\$825	\$4,200-\$12,000	2.9L I4 20 HP	42 mph	15+ Million	Mass Production Pioneer Assembly line manufacturing
Chevrolet Superior	1923-1927	\$490-\$795	\$7,100-\$11,500	2.8L I4 26 HP	50 mph	2.8 Million	Style Revolution Multiple colors & better comfort
Buick Master Six	1921-1928	\$1,175-\$1,895	\$17,000-\$27,500	3.7L I6 50 HP	55 mph	1.2 Million	Middle-Class Luxury Six-cylinder smoothness
Cadillac Type V-63	1924-1927	\$2,985-\$5,690	\$43,000-\$82,500	5.1L V8 83 HP	65 mph	150,000	V8 Power Pioneer First mass-produced V8
Auburn Beauty-Six	1925-1930	\$1,395-\$2,245	\$20,200-\$32,500	4.6L I6 68 HP	60 mph	75,000	Aesthetic Revolution Stunning design & craftsmanship
Chrysler Six	1924-1928	\$1,565-\$2,095	\$22,700-\$30,400	3.3L I6 68 HP	58 mph	450,000	Engineering Excellence High-compression engine
Ford Model A	1927-1931	\$385-\$570	\$5,600-\$8,300	3.3L I4 40 HP	65 mph	4.8 Million	Evolution Perfected Modern conveniences & style

🏆 Key Statistics

- **Total Production:** 24+ Million vehicles
- **Price Range:** \$290 - \$5,690 (1920s dollars)
- **Most Affordable:** Ford Model T (\$290)
- **Most Expensive:** Cadillac V-63 (\$5,690)
- **Fastest:** Ford Model A & Cadillac V-63 (65 mph)
- **Most Powerful:** Cadillac V-63 (83 HP)

🔧 Innovation Breakdown

- **Manufacturing:** Assembly line production
- **Design:** Multiple colors and styles
- **Performance:** V8 engines and high compression
- **Safety:** Four-wheel hydraulic brakes
- **Comfort:** Six-cylinder smoothness
- **Aesthetics:** Artistic design principles
